

MATERIAL SAFETY DATA SHEET

(Caulking Spatula L Type)

1. Material Identification:

This item is made up of Thermoplastic Olefins. TPE and POE

Product name : Caulking Spatula L Type

Manufacturer : Sakshi Innovations Pvt. Ltd.
Gurudwara somasar Road, P.O Sahnewal,
Village TIBBA PO SAHNEWAL
Distt. LUDHIANA - 141 120 (INDIA)

2. Composition

Proprietary blend not identified by CAS no.

Major components used are

CAS No. 66070-58-04

CAS No . 9003-07-0

3. Hazards Identification :

Appearance & Odor : Solid Essentially odorless.

Physical hazards : The material will burn and should not present an unusual hazard during fires. Avoid smoke from fires.

Inhalation : Move to fresh air, seek medical help.

Ingestion : Ingestion is easy to prevent and not frequent.

Contact Skin / Eye : Flush eyes with water while holding eyelids open. If contact with hot material, cool the burn area by flushing with large amounts of water. Do not attempt to remove anything from the burn area or apply burn creams or ointments. Cover the burn area loosely with a sterile dressing, if available.

4. First Aid Measures :

Inhalation : Remove the affected person to fresh air. Administer oxygen is necessary.

Ingestion : Not Frequent. Intestinal absorption is very low.

Contact Skin / Eye : In case of melted products burns, cool the material quickly with plenty of water, do not remove the solidified product without the assistance of medical aid.

5. Fire Fighting Measures:

Flash point not applicable

Special Measures : NP

Special Hazards : Melted product may propagate fire. Fire may produce irritating message.

Protective Equipment : Heat-Resistant suit & gloves.

6. Accidental Release Measures :

Personal Precautions : Avoid contact with melted product & inhalation of vapors.

Environmental Precaution : Isolate discharged & keep away from water sources.

Personal Protection : Wear goggles and appropriate gloves to avoid contact with melted product.

7. Handling & Storage :

Handling Practices and Warnings : Practice good housekeeping. Do not allow product to accumulate in processing area.

Storage Practices and Warnings : Avoid vapors from heated material. Store in adequate ventilated and cool, dry place.

8. Exposure Control / Personal Protection:

Inhalation : Remove the affected person to fresh air. Administer oxygen is necessary.

Ingestion : Not Frequent. Intestinal absorption is very low.

Contact Skin / Eye : In case of melted products burns, cool the material quickly with plenty of water, do not remove the solidified product without the assistance of medical aid.

General Precautions : Local exhaust ventilation when hot material is handling . Avoid contact with the melted product & vapors inhalation.

9. Physical & Chemical Properties :

Item	Specs
Shore Hardness D (Durometer)	30 - 35
Water Absorption by Weight %	Very Low
Specific gravity or density	0.91
Solubility in water	Negligible

10. Reactivity & Stability

Stability : Stable material at room temperature.

Condition to avoid : Avoid high temperature.

11. Toxicological Information :

Route of Exposure : Inhalation of vapors melted product and direct contact with skin and eyes, ingestion is not probable.

Acute and chronic effects : Exposure to melted product causes burns. Vapors from melted product may cause irritation to the respiratory tract and eyes. Medical conditions which increase hazard to exposure Respiratory, odour and dermatological problems.

12. Ecological Information :

No specific ecological data are available for this product.

13. Disposal Consideration :

Refer to all federal, state, and local regulations before disposition

14. Transport Information :

Refer to all federal, state, and local regulations before disposition

15. Regulatory Information :

Pictograms : NP

Hazard Statements : NP

Precautionary Statements : NP

16. Other Information :

All information contained herein is based on the present state of our knowledge on the date of issue. It is believed to be accurate. It is intended to describe products from the point of view of safety requirements. It should not be construed as guaranteeing specific properties.

Under no circumstances is the user exempt from respecting legislative or administrative requirements related to the product in terms of safety, hygiene, and/or health and environmental protection.

This MSDS was prepared and is to be used only for this product. If the product is used as a component in another product, this MSDS information may not be applicable.

REACH DECLARATION: -Product is in compliance with substance of Very High Concern (SVHC) i.e. ≤ 0.1 %w/w as per the candidate list promulgated by the European Chemicals Agency (ECHA) which are defined in Article 57 of REACH Regulation (EC1907/2006) checked by Tuv-Nord Group.
